## Marketing Materials Order Guidelines

- Most literature has a minimum order quantity of 25 pieces and should be ordered in increments of 25. Orders will be adjusted to ship full packs of 25 pieces if necessary.
- Literature and other Marketing materials qualify for reimbursement under Enertech’s Branding Support Program. The corresponding amount (percent) of account credit is noted beside each item on the order form. BSP funds will automatically be debited unless the balance is insufficient to cover the costs, or if you specify other arrangements on your order. Shipping charges are not covered under the BSP policy and will be billed to you at actual cost. You do not need to submit a BSP claim form for any items ordered using the Marketing Materials Order Form.
- All order ship via FedEx Ground unless otherwise specified. Allow 3-5 days for processing when placing your order.
- Please contact Customer Service or Marketing for large orders. Some larger quantities may require a special print run and longer leadtime.
- This order form will be updated as needed when new items are added or if other changes are necessary.
